

## **Bike Swap**

The 12th Annual Bike Swap, held March 19, 2017 was a success. Two speakers elevated the atmosphere for the attendees. This fundraiser for the Friends of Lapham Peak Snowmaking Project amounted to a net profit of \$2425.39. We could not have done this without the time and dedication of many volunteers and all of the participants that purchased items. Thank you everyone!

We invite to join us for the 13th Annual Bike Swap and Fun Fair, June 2, 2018, at our NEW LOCATION---LAPHAM PEAK, HOMESTEAD HOLLOW. In addition, we will have select other non-biking vendors and some children's games. Watch our website, [www.bikeswap-laphampeakfriends.org](http://www.bikeswap-laphampeakfriends.org) , for updates further information. We are looking forward to this exciting new opportunity for the community and working with our passionate volunteers.
